KARTIKEY SINGH

Gurugram, Haryana, India | +91 7807689062 | kartikey.j.singh@accenture.com

PROFESSIONAL SUMMARY

Associate Software Engineer at Accenture skilled in Oracle SQL, PL/SQL and Oracle APEX Cloud development, with added expertise in Generative AI and LLM applications. Holds Oracle, Anthropic (Claude) and Databricks certifications. Experienced in full-stack development with React, Node.js and MongoDB, and in IIoT projects using C++.

TECHNICAL SKILLS

Languages: Java, Python, SQL, PL/SQL, JavaScript, C++, HTML, CSS

Oracle & Databases: Oracle SQL, Oracle PL/SQL, Oracle APEX, Oracle Database, MongoDB, Stored Procedures, Views, Joins

Generative AI: Large Language Models (LLMs), RAG Applications, Prompt Engineering, Structured Output, Generative AI Architecture

Claude & AI Agents: Claude API, Claude Code, Claude Agent SDK, MCP (Model Context Protocol), AI Agents

Databricks: Databricks, Vector Search, Model Serving

Web & Backend: React, Tailwind CSS, Node.js, Express.js

Cloud & Tools: Oracle Cloud Infrastructure (OCI), Oracle APEX Cloud, Git, GitHub, VS Code

Core Concepts: Object-Oriented Programming, DBMS, CRUD Operations, Exception Handling

EXPERIENCE

Associate Software Engineer | Accenture | July 2026 – Present

- Build and maintain database-driven applications using Oracle SQL, PL/SQL and Oracle APEX Cloud Development.
- Write and optimize SQL queries, joins and views; develop PL/SQL stored procedures and functions to implement business logic.
- Develop Oracle APEX applications while applying Java fundamentals and Generative AI / LLM skills to project work.

Technical Training Program | Accenture | March 2026 – May 2026

- Completed structured training in Oracle SQL, PL/SQL and Oracle APEX Cloud Development ahead of onboarding.
- Built foundations in data modeling, CRUD operations and exception handling.

PROJECTS

Crypterra – Secure Cloud Storage Platform | React, Tailwind CSS, Node.js, Express.js, MongoDB, SQL, Backblaze B2

- Built a full-stack secure cloud storage platform for organizations, departments, users and folders with role-based access control.
- Implemented granular permissions for viewing, uploading and sharing files, backed by Backblaze B2 cloud object storage.
- Developed expiring secure file-sharing links and activity/audit tracking for uploaded and shared content.
- Used SQL for querying and reporting on user, folder and access-control data alongside the MongoDB data layer.
- Designed a responsive UI with React and Tailwind CSS on a Node.js and Express.js backend.

Smart Agriculture System – IIoT | C++, IIoT, Sensors

- Developed an IIoT system for real-time monitoring of soil moisture, temperature and humidity.
- Implemented automated irrigation driven by live sensor data to reduce water consumption and support precision farming.

Smoke Detection System – IIoT | C++, IIoT, Sensors, Cloud

- Designed an IoT-based smoke detection system with cloud data logging and instant alerts.
- Reduced false alarms by 30% and increased detection accuracy by 25%.

Personal Portfolio Website | HTML, CSS, JavaScript

- Built a responsive, animated portfolio site to showcase projects, optimized for SEO and load speed.

CERTIFICATIONS

- **Claude Certified Architect – Foundations** — Anthropic
- **Claude Certified Developer – Foundations** — Anthropic
- **Databricks Certified Generative AI Engineer Associate** — Databricks (Sept 2026 – Sept 2028)
- **Oracle Cloud Infrastructure Certified AI Foundations Associate** — Oracle
- **Oracle APEX Cloud Certified Developer Professional** — Oracle
- **Oracle Database SQL Certified Associate** — Oracle

EDUCATION

Bachelor of Technology – Computer Science | GLA University, Mathura | Sept 2022 – May 2026
